VOLUME IX

Football Practice Underway At MSTC

Johnson Optimistic About Prospects For 1942 Season

Football practice, in preparation for the 1942 season, is underway at Morehead College, and prospects "look pretty good," according to Coach Ellis Johnson, Eagle football mentor.

Practice sessions began Tuesday morning, September 1, and will be held twice daily for the first three weeks. Morning sessions are being devoted entirely to teaching of fundamental techniques of blocking, tackling and ball-handling, with a considerable amount of running thrown in for conditioning purposes. Afternoon sessions are devoted to teamwork, timing and perfection of plays and scrimmage. Johnson conducts a board drill each evening from seven to eight-thirty.

According to Coach Johnson, this year's team will depend almost entirely on the way the freshmen candidates pan out. If the freshmen live up to the coach's expectations, the added strength for a good squad this season will be realized.

"It is a very difficult task to string out and groom a good first string squad," Johnson said, "with only six lettersmen returning this year."

The six lettermen are: Vincent Zachern, 190 pound senior, from Ashland who will fill the center berth he held last year; Vincent Gandolfi, 170, junior, from Uniontown, Pennsylvania, guard; Alcedo Walters, 180, junior, Cannel City, Kentucky, guard; Carl Howerton, 175, senior, Olive Hill, Kentucky, back; Larry Workman, 160, junior, Fort Gay, West Virginia, and Tony Salvato, 175, junior, Uniontown, Pennsylvania, backs.

Last year's freshmen who are new to this season are: Pete South River, N. J.; Benny Hetman, 185, sophomore, from Ashland; South River, N. J.; Nick Yawnowski, 170, sophomore, back; South River, N. J.; Pete Mason, 170, sophomore, end; New Britain, Connecticut; Leroy Wheeler, 170, sophomore, back; Louisville, Kentucky; Wayne Gibson, 155, sophomore, back; Gallipolis, Ohio; Charlie Wilson, 170, sophomore, end; Catlettsburg.

Schedule Announced
The 1942 schedule, which as yet is not complete, follows:

September 26—Marshall at Huntington, W. Virginia, (night).

October 3—Marshall at Morehead (Tentative).

October 17—Western at Bowling Green.

October 24—Open.

October 30—Morris-Harvey at Charleston, W. Virginia (Night).

November 7—West Virginia Tech. at Morehead.

November 14—Eastern at Richmond.

According to Coach Johnson, enrollees at the Naval Training School, located on the Morehead College campus, will not have a football team of their own and the Bluejackets are not eligible to participate in any MSTC athletic activities.

Pre-Flight Course To Be Offered At Breckinridge

In keeping with the times the Breckinridge Training School, which opens its fall semester on Monday, September 21st, will offer a semester course in Pre-Flight Aeronautics. This course will carry one unit of high school credit and will be accepted by all colleges along with other high school units. The course is to be given by Miss Amy Irene Moore, who took a special short course in aeronautics regulations in short all the time in preparation for this work. Anyone who has had high school algebra and plane geometry may enroll for the course and the material covered in the year's work will include mathematics, meteorology, navigation, and civil aeronautics regulations, in short all the basic training which is preliminary to regular flight training. High schools all over the country are being urged to participate in the effort to "air-condition" the youth of the country, for it is generally conceded that air travel and aviation are going to be two of the most important developments which will employ the high school people of today, after the close of the war.

The Breckinridge Training School is cooperating with this national program in offering this course in Pre-Flight Aeronautics.

Clinton Wilburn In Army Air Forces

Private Clinton E. Wilburn, son of Mr. and Mrs. Ned Wilburn, of the Morehead City Hall, beginning at seven-thirty, the meeting is being called for the purpose of organization.

Anyone interested in the work is invited to attend this meeting.

Jake Profit, Jr., Is Rowan County's No. 1 War Casualty

Killed In Action With Marine Corps Unit In Foreign Service

Rowan county's first casualty in World War No. II was announced this week when Mr. and Mrs. Jake Profit, Jr., of Flemingsburg road, this city, were notified by the War Department of the death of their son, Jake, Jr., 17, a U. S. Marine.

Word received from Washington stated that young Profit was killed in action but did not specify the area of operation. So far as can be learned, this is the first Rowan County to die in action in the service of his country in the present conflict.

Jake, Jr., enlisted in the United States Marines seven months ago, and was recently transferred to foreign duty.

At the time of his enlistment in the Marines, he was employed by the Regal Grocery. He was well known in Morehead and had many friends here. This first casualty, a boy whom Rowan County knew intimately, brings home the full effect of the horror of war, and emphasizes the fact that many of our sons are now serving on foreign soil to protect our homes and freedom.

Mr. Gearhart volunteered for army service in August 1941, and was inducted at Las Vegas, California, where he had made his home for the past eight years. He volunteered for overseas duty and was sent to the Hawaiian Islands in October 1941.

In addition to his parents, Private Gearhart is survived by his grandmother, Mrs. Anna Hardin Gearhart; two sisters: Lottie Gearhart, Muncie, Indiana, and Mrs. John Meadows, Salt Lake, Kentucky, and three brothers: Harlan and Floyd, of Morehead, and Private work to meet the national emergency.

Farmers Formulate Plans To Adjust Work To Emergency

One hundred and ten farmers, from six communities in the county, met with County Agent Dan Brome last week, and formulated plans which would adjust farm work to the national emergency.

They voted to help prevent inflation by paying off debts, buying U. S. War Bonds and purchasing only essential food and clothing.

They also voted to participate in the salvage drives and to purchase only whole wheat and enriched flour. Enriched bread, a potent source of nerve-building minerals and vitamins, has been on the market for a number of years, but unfortunately the general public has been reluctant to appreciate their full value.

Leaders for each community were selected as follows: J. T. Evans and Jim Plank, Clark community; Lee Reed, Jack Fraley, H. T. Caudill and Leland Hall, Cranston; Elmer Kinder and Robert Kinder, Adams-Davis; Hiram Eldridge and T. E. Kegley, Sharkey; Mr. and Mrs. Lurman, McGuire; Frank Netherly, Mrs. Vinesa Egan, Mrs. Maude Richardson and William Skaggs, Big Brushy; and Herbert Bowman and Eddie Perkins, Perkins community.

Four Rural Schools Have Pie Suppers

Last week seems to have been pie-supper time for the rural school districts.

Friday evening, the New Home school invited the parents and friends of that school out for a pie supper. Thirty-five dollars was realized from the sale of pies, lemonade, candy, guess cakes, and from the cake walk. Proceeds of the sale will be used to buy school equipment.

A pie supper at the Johnson School brought \$45.10. Also on the program was an ugly man contest, ice cream and lemonade sales, and a pretty good sponsored pie supper at the Little Perry school. Judge Dan Parker auctioned off \$30.30 worth of pies. Teachers

Civilian Defense Council To Meet

The Rowan County Civilian Defense Council will meet Friday evening, September 4, at the Morehead City Hall, beginning at seven-thirty, the meeting is being called for the purpose of organization.

Anyone interested in the work is invited to attend this meeting.

Dr. O. M. Lyon Is Called To Active Duty In U. S. Army

Dr. O. M. Lyon, local dentist, and a captain in the Dental Reserve of the United States Army, was called to active duty this week. His entrance into active service this week marks the third time that he has been called to duty for a short period of time in December 1940.

Dr. Lyon volunteered for service in World War I, while practicing dentistry in the same office. He has recently left, and served eleven months overseas. He has been captain in the Reserve for the past eight years and was called to active duty for a short period of time in December 1940.

Dr. Lyon expressed his deepest gratitude to his many friends who have given their loyal support of his practice here, which he terms "most lucrative," and added that although he hated to leave family and friends behind, he was willing to help in the fight for freedom.

Citizens Bank Adds Veteran's Pictures To Window Display

In connection with the current display of pictures of service men in the armed forces, the Citizens Bank is making an addition of pictures of veterans of World War I, and is asking for photographs or snapshots available of men who saw service in the first conflict.

One window in the bank is being used for the pictures of men and women now in service, and the other window will be used for the pictures of veterans.

At the present time more than ninety pictures have been brought in for the display. In some cases there are pictures of two and three boys from one family.

The bank urges parents or relatives of service men, and veterans of World War I to bring in pictures as soon as possible. The pictures will eventually be returned to the owners.

Consolidated Schools To Open Monday, September 7th

The four county consolidated schools, Morehead, Farmers, Haldeman, and Elliottville, will open Monday, September 7, for the school year 1942-43, according to a statement released from the County Superintendent's office, today.

A meeting of consolidated teachers has been scheduled for Saturday, September 5, which will be held in the Morehead High School, beginning at nine o'clock a. m. It will be strictly a business session.

Field Dental Unit To Visit City

The Field Dental Unit of the Kentucky Department of Health, which is in an attractive trailer and equipped with the most modern dental facilities, will be brought to Morehead by the combined efforts of the Morehead Women's club, the Rowan County Woman's club, and the county P-T-A organizations. The unit will offer a free dental clinic for elementary school children, beginning Monday, September 14, and lasting three weeks.

Dr. O. M. Lyon, local dentist, and a captain in the Dental Reserve of the United States Army, was called to active duty this week. His entrance into active service this week marks the third time that he has been called to duty for a short period of time in December 1940.

Dr. Lyon expressed his deepest gratitude to his many friends who have given their loyal support of his practice here, which he terms "most lucrative," and added that although he hated to leave family and friends behind, he was willing to help in the fight for freedom.

Marines Issue Call For Civilian Pilots

The Marine Corps announced today that qualified civilian aircraft pilots may now apply for flight commissions in the Marine Corps Reserve.

Individuals accepted and commissioned will be given duty as flight instructors or transport pilots. Most of the commissions will be Second Lieutenants, but there may be higher ranks given depending on the applicant's age, experience and professional ability.

Applicants must be between 18 and 29 years of age, measure up physically and psychologically and have had at least 300 hours flying in aircraft of at least 100 horsepower.

Dr. Oglesby Gable Suffers Heart Attack, Sunday

Dr. Oglesby Gable, dentist, from Louisville, Kentucky, who has been in the Morehead office of Dr. O. M. Lyon, a Dental Reserve officer who was called to active service in the U. S. Army, suffered a heart attack Sunday, and was taken to the Good Samaritan Hospital in Lexington.

His condition was reported to be serious, and he was given little chance for recovery.

U. S. O. Recreational Center Is Recommended For Morehead

A recommendation to national headquarters that a United Service Organization service unit be established in Morehead was made this week by Mr. Frank D. Finlay, regional representative of the Chicago area, which includes eleven states, after a meeting with the U.S.O. Committee of Rowan County, Tuesday.

When it became evident that progress in establishing the unit here was lagging because communications with the regional office had been made entirely by letter, the Committee voted at a meeting held last Thursday evening to telephone Mr. Finlay at the Chicago headquarters for a personal appointment.

As a result of this telephone conversation, it was learned that Mr. Finlay would be in Dayton, Ohio, on August 31, so an appointment for him to meet with a delegation from Morehead was made for that time.

The Morehead Board of Trade furnished all traveling expenses for the delegation to make the trip to Dayton. Dr. J. D. Falls, chairman of the Rowan County U. S. O. Committee, represented the Morehead College; Lieutenant Commander George Walker represented the Naval Training School and Harry Goldberg and Glenn Lane represented the Morehead Board of Trade at the meeting with Mr. Finlay in Dayton.

At this conference with the regional office, Mr. Finlay agreed to come to Morehead on the following day, September 1, to personally investigate Morehead's needs. After a meeting with the entire U. S. O. Committee here, on Tuesday, Mr. Finlay recommended to national headquarters that a service unit be established in Morehead.

It was necessary to have a Citizens National Council Committee for Rowan County. The U. S. O. organization appointed the same campaign committee during the recent election. Mr. Walker and Ensign P. Doherty were made ex officio members of this council.

The ground floor of the Martin-Lane Building, opposite the Greyhound Bus Station, is being considered as quarters for the service unit, and plans are under way to designate the rooms as quarters as national headquarters approves the unit.

The following committees were named for the purpose of speeding up the last minute details of the unit, which may be functioning at the earliest possible date:

Furnishing Committee: Mrs. W. H. Rinehart, chairman; Mrs. W. H. Rinehart, Mrs. J. D. Falls, Mrs. W. H. Rinehart, Mrs. John Will Holbrook, and Miss Evers Robinson.

Bringing Committee: L. C. Comm. George Walker, chairman; W. H. Rinehart, Harry Goldberg, Glenn Lane and Felix Wellman.

Three Local Men Assigned To Army Posts Last Week

Three newly inducted personnel of the United States Army have been assigned to stations and sent forward from the Reception Center at Fort Thomas, Kentucky, on August 25, August 24 and August 27, in the order named.

They are: Mervin Masters, Waltz, Kentucky, sent to Quartermaster Replacement Training Center, Fort Frank, E. Warren, Wyoming.

Stith M. Cain, Morehead, Kentucky sent to Anti-Aircraft Replacement Training Center, Camp Wallace, Texas.

Stewart Hall, Haldeman, Kentucky, sent to Coast Artillery School Detachment, Fort Monroe, Virginia.

Throwing Refuse In Street Is Violation Of City Ordinance

Mayor N. E. Kennard of the City of Morehead made public in a printed statement, which has been distributed throughout the city, that numerous complaints have been received by the City Council that many citizens are violating the City Ordinances by throwing trash and other refuse into the streets and gutters of the city.

It was ordered by the Council at its July meeting to remind the citizens of ordinances against these practices. The City Ordinances provide fines for any person guilty of throwing trash, hedge clippings, or other refuse into the city streets, alleys or gutters, or otherwise causing any debris to accumulate in the storm sewers.

This notice was given so that no one might claim ignorance of the law if it became necessary to have offenders brought into court. Any further continuances of the practice will be prosecuted in police court, he said.

SALES REPORT MOREHEAD STOCKYARDS

The sales report for the sale of Thursday, August 27, at the Morehead Stockyards, is as follows:

Hogs: Packers, \$44.40; Mediums, \$14.90; Shoals, \$8.00-\$9.02; Cows and Calves, 127.50; Stock Cattle, \$21.25-\$38.00; Bulls, \$7.25-\$9.80.

Cattle, Top Yearling, \$16.05; Medium, \$10.30; Common and Large, \$10.70-\$12.50.

Z. T. Young Resigns As Draft Board Clerk; Joins Navy

Z. Taylor Young, who has served as the past eighteen months as chief clerk of the Local Selective Service Board No. 146, tendered his resignation this week to become effective September 2.

Mr. Young resigned the position to enlist in the United States Navy and will be stationed at Great Lakes Naval Training Station with a rating of petty officer, specialist, first class.

Miss Ottis White and Miss Beulah Mac Manning, assistant clerks, will handle the work of the Board office.

Farm Meeting At Clark School To Be Held Thursday

To Discuss Possibilities Of Establishing Community Workshop

A meeting will be held in the Clark Schoolhouse, Thursday evening, September 10, at 8:00 o'clock, for the purpose of discussing the possibilities of organizing a Rural War Production Training Course in that community according to W. Wilson, supervisor of the program. Both the shop courses and the production courses will be discussed.

Mr. Wilson, who is vocational agriculture teacher in the Rowan county school system, will lead the discussion, and a member of the Rowan County Farmers club will be present to speak to the group.

Both men and women are urged to attend the meeting and learn what is being done to help rural people meet the production goals set by the U. S. Department of Agriculture. There is no fee, tuition or charge of any nature for any of these courses to the people who take them. All expenses are paid by the Federal Government with the expressed hope that it will help people keep their farms in good condition and help them to more efficiently produce the necessary food in spite of the many handicaps.

W. C. Banks, 54, Dies Of Heart Attack, August 27

W. C. Banks, 54, of this city, died of a heart attack at North, Virginia, August 27.

Mr. Banks, a salesman for the Herb Medicine Company of Springfield, Ohio, had lived in Morehead since 1927.

He is survived by his widow and three children: W. C. Banks, Jr., U. S. Army, Louisville, Louisiana; Stephen L. Banks, U. S. Army, Great Lakes, Illinois; and Mrs. Gordon Millard, Huntington, West Virginia, and one step-son, James Edward Freeman, of Morehead.

Funeral services were held Saturday, August 29, at the residence here. Interment was in the Bradley cemetery, Clearfield, Kentucky.

FIELD DENTAL UNIT Department of Health of Kentucky

A Field Dental Unit of the Kentucky Department of Health, which is in an attractive trailer and equipped with the most modern dental facilities, will be brought to Morehead by the combined efforts of the Morehead Women's club, the Rowan County Woman's club, and the county P-T-A organizations. The unit will offer a free dental clinic for elementary school children, beginning Monday, September 14, and lasting three weeks.

Demand For Skilled Workers Increases

Training School Set Up For Non-Skilled Workers

"At no time in our nation's history has there been offered the job opportunities of the present to those who are trained to do some kind of skilled work," according to Orson Ratliff, Acting Manager of the U. S. Employment Service. Ratliff states further that if you have no skilled trade, various training courses have been set up to train you for work in War industries. It is your patriotic duty to help your country in this War effort, and you can best do so if you are trained to do a specific job and do it well.

The supply of skilled persons is fast becoming depleted and the demand is becoming greater and greater. There is only one solution and that is training. The Government has, therefore, set up the various training schools whereby anyone interested can receive the training in an occupation of his choice. Upon completion of this training he can go to work in War industries and not only help his country but help himself.

The demand for welders and machine operators is very great with the need becoming more acute every day. The U. S. Employment

Service has orders for hundreds of workers in these occupations as well as practically all other skilled trades. One company alone has orders in this office for 5000 workers, practically all of which can be filled by trainees.

The Ashland Vocational School offers free training in machine shop, welding, sheet metal, wood-working, electricity, auto mechanics, and drafting. There are openings in War industries for persons able to work at any of the above named trades. Why not, as your patriotic duty, enroll in this school and prepare yourself for a trade in which you can help yourself as well as your country? Free transportation is offered Greenup county, Carter county, and points in Boyd county.

For all information on training courses and assignment to training apply to the U. S. Employment Service, 425 - 15th Street, Ashland, Kentucky.

Meat Rationing To Begin In 4 Months

Civilians Urged To Reduce Their Consumption Until Program Starts

Nation-wide consumer meat rationing by coupons will go into effect in approximately four months, Claude R. Wickard, Secretary of Agriculture, announced Monday.

The decision was reached by the Food Requirements Committee, which also recommended that the War Production Board immediately establish quotas for meat sales by packers to civilian markets to insure an equitable distribution.

The committee, of which Wickard is chairman, also suggested that civilians voluntarily reduce their meat consumption until the rationing program goes into effect.

The committee will announce shortly suggestions of ways in which civilians can accomplish this, including the possibility of "meatless days."

Civilians were urged to conserve the so-called "red meats"—beef, veal, pork, lamb, and mutton—by substituting cheese, poultry, fish, and beans.

Wickard said the committee wished to emphasize that its three-point program was not designed to relieve local meat shortages now existing in areas, although it will help.

Wickard said that action is being taken to remedy the shortage situation through the forthcoming revision of retail and wholesale meat price ceilings by the Office of Price Administration, which will administer the meat rationing program.

The Food Requirements Committee was set up by Donald M.

Nelson, Production Chief, and was vested with virtually supreme control over production and allocation of all civilian and military food supplies. It also has authority to step up or limit the domestic production of foods as well as the importation of foods and agricultural material from which foods are derived.

The government campaign for voluntarily reduction in civilian consumption will be instituted shortly to cut average consumption to two and one-half pounds a person a week—about the average of the last ten years.

"The Food Requirements Committee unanimously agreed that consumer rationing is the most equitable method of assuring each civilian his fair share of the normal total supply," said Wickard.

Urgent Call For Seventy Laborers

The U. S. Employment Service office in Ashland has an urgent call for sixty to seventy extra force laborers with the Pennsylvania Railroad Co., according to Orson Ratliff, Acting Manager.

Men between seventeen and fifty-five who can pass the required physical examination are eligible for immediate employment on extra forces in Ohio. The rate of pay is fifty-five cents an hour and transportation will be furnished from Ashland to the work. The men hired will be boarded on camp cars.

Applicants should report to the U. S. Employment Service, 425 - 15th Street, Ashland, Kentucky, by 8:30 a. m. Friday, September 4. Mr. Ratliff stated.

Crop And Animal Production In State Sets New Record

Greatest Increase In Food Output Ever Achieved

Farmers over the State of Kentucky have just reason to be proud of the national crop and animal production figures recently released by the Agricultural Adjustment Agency of the United States Department of Agriculture. These figures are on the crop and animal production of the first six months of 1942 and represent an all-time high; it represents one of the greatest increases in food output ever achieved by the American farmer from one year to the next.

Kentucky farmers, when asked about the recipe for the attainment of this tremendous production, stated frankly that "More Work and Less Talk" is the best tool for success.

Crop and animal prospects are the best on record for this time of the year. Yields per acre promise to be six percent higher than in any year on record.

Pork and lard output will be up to sixteen percent, milk output up four percent, egg production up sixteen percent, beef up eighteen percent, and oil crops up at least two-thirds. Estimated production, made by Kentucky farmers last December, figures much higher than those national increases, however, not metal check can be made at this time.

When asked for a statement concerning the all-high production goal attained by the farmers of Kentucky, Mr. M. D. Boye, chairman of the State U. S. D. A. War Board, stated briefly: "The production figures for the first half

When asked for a statement concerning the all-high production goal attained by the farmers of Kentucky, Mr. M. D. Boye, chairman of the State U. S. D. A. War Board, stated briefly: "The production figures for the first half

of 1942 are no more than we expected. We asked for a certain goal and received not only that goal, but far above it. Don't worry about the Kentucky farmer, he'll do more than his job, and his overtime will not come in the farm dollars, either. It'll be a message from the war fronts stating in the American way.

"We did it before and we have done it AGAIN!"

DEPENDENTS MAY GET CHECKS SOON

Checks for approximately 20,000 relatives and dependents of enlisted men in the army covering first payment under the Dependents' Allowance Act will be mailed this week, the War Department said today. Another 10,000 checks will be mailed September 5.

THE STORY OF BREAD

may well be called The Story of Civilization

Bread, the most venerable of prepared foods, has helped man, and man in turn has bettered the quality of his staff of life.

YEAST is the life of bread... and the story of yeast is the story of scientific research, uniform quality, mammoth production, modern refrigeration... and daily delivery to bakers in every city, town and village throughout the land... even by boat, by sled and by plane when other transportation is interrupted by floods and blizzards.

Anheuser-Busch is one of America's biggest sources of baker's yeast.

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentation and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

Endless research in making the world's leading beer has led to other products

VITAMINS, B COMPLEX—For manufacturers of pharmaceutical and food products. Our plant is one of the world's largest sources.

VITAMIN D—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.

CORN SYRUP—many millions of pounds annually for America's candy industry.

SYRUPS—for food, table and confectionery uses and special syrups for medicinal purposes.

STARCH—for food, textile, paper and other industries—millions of pounds annually.

VITAMINS FOR LIVESTOCK—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.

REFRIGERATING EQUIPMENT—for retailers of frozen foods and ice cream the country over. This division is now working all-out on glider wing and fuselage assemblies for our Armed Forces.

DIESEL ENGINES—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

Legislator Predicts U. S. Will Cut Draft Age To 18

Selective Service Rolls Practically Exhausted Of Single Men

Major General Lewis B. Hershey's warning that the selective service rolls soon would be exhausted of single men led congressional circles to speculate that the Armed Forces might renew their request for the drafting of youths eighteen and nineteen years old.

Congress now is in informal recess and any such request might be deferred until after the November elections lest the question be made a political issue, but one well informed House member who asked that his name not be used remarked that "in my judgment, the Army and Navy will insist upon lowering the draft age."

"And, if our generals and admirals tell us this is essential to insure victory," he added, "I believe Congress will amend the Selective Service Act. I believe this will be done before Christmas."

The draft ages now are twenty to forty-four inclusive. Army men have estimated there are 2,500,000 to 3,250,000 youths in the eighteen and nineteen classification. All men between eighteen and sixty-five already have been registered, those eighteen and nineteen and above forty-five being included for purposes of cataloguing the Nation's manpower.

Secretary of War Stimson wrote the House Military Committee last December that "the traditional age for liability for military service in this country is eighteen to forty-five." His communication was in connection with an Army request that the draft ages be broadened from twenty-one to thirty-five. Congress, instead, put the bottom age to twenty.

Forecasts that youth of the "daring" age, eighteen and nineteen, might be drafted, came shortly after Hershey, the selective service chief, advised men with no dependents other than wives to "begin making arrangements now" to enter the Army. He said in Chicago yesterday that the available supply of single men of twenty to forty-four had been virtually exhausted.

Most all the warring powers now require military service of all men about eighteen. Youths of eighteen and nineteen generally are regarded as top material for the air corps and navy services.

The War Manpower Commission now is working on a war service bill, principally for effective mobilization of the nation's labor resources, for war production. It was understood this would embrace a training program for youths of college age.

Meanwhile, the Army announced a program to use the facilities of schools and colleges throughout the country to give voluntary pre-induction training to high school and college students, to older men whose induction has been deferred because of educational deficiencies and to occupational specialists.

The activities will be inaugurated this fall under the administration of the United States Office of Education, with which the Army collaborated in drafting the program. The plan is designed to reduce the amount of training needed by soldiers after their induction and permit Army instructors to concentrate to a national training.

The courses to be given at the schools will not include military tactics or drill, but will cover first aid, blueprint reading, anatomy, principles of mechanics, preflight aeronautics, shop work, mathematics, physics and fundamentals of electricity and radio.

ENTIRELY SENTIMENTAL

My heart is turning somersaults
Along a busy street.
I hope it doesn't bump into
The people that I meet.

The sky's deeper, truer-blue
Than I have ever seen—
I didn't know that city grass
Was ever quite so green.

The leaves are brighter than they were,
And every now and then
I swing into a sudden song—
You called me up again!

—Helen Welshimer.

It takes seventy-one railroad trains each with a minimum of twenty cars to move an army division of about 15,000 men with their weapons and equipment. Since troops travelling by rail move at a rate of about 250 miles a day, it would take almost 1,500 cars ten days to move the division across the United States.

Lieutenant and Mrs. Bill Elliott had as guests last week, Mrs. Amy Morrison and daughter, Anna Betty, and Mrs. Claude Griffith and daughter, Kay, of Indianapolis.

Misses Norma Powers, Hildreth Maggard and Christian Hall will teach in the Logan, West Virginia, Junior High School, this year. Mrs. Hayden Carmichael will teach in the music department in the Man, West Virginia, schools.

Mrs. Lillie Bair will have as week-end guests her daughter, Mrs. Gordon Bailey and Mr. Bailey, of Jeffersonville, Indiana. Their daughter, Edna Mae, who has been spending a few weeks with her grandmother, will return home with them.

Card Of Thanks

We wish to take this means of expressing our sincere appreciation for the many kindnesses and expressions of sympathy rendered by our many friends at the death of our beloved husband and father, W. C. Banks, Sr., and to thank the donors of the beautiful floral offerings.

MRS. W. C. BANKS AND FAMILY.

Mrs. Charles L. Goff and son, James Edward, of Hawesville, Kentucky, spent Monday and Tuesday last week with Mr. and Mrs. Roy Vencil and Mr. and Mrs. S. J. Litten.

CHURCH NEWS

SPECIAL CHURCH NOTICE
The Reverend F. C. Lightbourn will return to Mount Sterling, after his vacation on Friday, and will conduct Holy Communion and sermon at St. Alban's Episcopal Church Sunday, September 6th, at 8:30 a. m. Mrs. Lightbourn will return about a week later.

The Young Peoples Organization of the Church of God, of Johnson community, is planning an all-day meeting at that place on Sunday, September 6. Stands, operated by the Young People of this place, will be open on the grounds, all day. Lunch and drinks will be available.

Everyone is invited to attend this meeting, all-day, if possible. The young folks will need your help and appreciate it, and will be glad to have you.

The meeting will begin Sunday, around 9:00 a. m.

Pie Suppers--

(Continued from Page 1)

Lyda Messer Caudill and Luther Bradley report that the event was a huge success, with about 100 guests as an ugly man contest, guess pies and music.

Davis Ellis, teacher at Mt. Hope reports that the school there raised \$15.00 at a pie supper given last week. The results were very pleasing.

Signal Corps Examination Held Today

A Mechanic Learner examination for entrance to U. S. Army Signal Corps training will be held at the Administration building, Thursday, September 3, at 1:30 p. m. according to Orson Batiff, Acting manager of the U. S. Employment Service.

Persons passing the examination will be given approximately three months training in Ashland, Kentucky. During this period they will receive \$85.00 per month. They will then be transferred to Lexington, Kentucky, for additional training. During this period of training they will receive \$120.00 per month. Upon completion of the training courses they will be assigned to the U. S. Army Signal Corps with their salary starting at \$135.00 per month.

Anyone sixteen years of age or over is eligible to take the examination. There are no set educational requirements, but persons with at least two years of high school experience are preferred.

Men in I-A classification who have not been called for induction may enter this training. They will be required to join the enlisted reserve and will be given deferment while training.

Anyone interested in taking the examination report to Morehead State Teachers College, at 1:30 p. m., September 3.

Large Reserve In Unemployment Fund For Kentucky

There are sufficient funds in Kentucky jobless insurance account on deposit with the Federal Treasury at Washington, to withstand the impact of five depression years such as 1931 or ten years withdrawal at the highest annual disbursement rate since unemployment benefits became payable January 1, 39, it was estimated by R. A. Mendenhall, Cella, Supervisor of Research, Statistics and Planning for the Kentucky Unemployment Compensation Commission.

Cella estimated that if the Kentucky Unemployment Compensation Law had been in operation the worst of the depression years, approximately \$7,928,000 would have been paid out to eligible unemployed workers. The greatest amount actually disbursed during any one year was \$4,866,619, which was paid to claimants in 1939.

The fund now stands at approximately \$50,000,000 but because employees no longer contribute and many employers have been granted reduced rates or qualified for zero rates, the rise in the fund will not be as great as in the past, Cella said. Liberalization of the benefit provisions of the law, he added, will also tend to halt the increase in the size of the fund although receipts will be greatly in excess of present benefit payments under existing employment conditions.

"While the favorable condition of the state's unemployment reserve fund is reassuring," Cella declared, "there are other factors which must be taken into consideration in appraising the ability of the fund to withstand any longer post-war depression. One of the most important of these is the fact that there are now more than 500,000 workers covered by the law as compared with only 380,000 in 1937. This means that there are thousands of individuals now employed in war work who, in all probability, will become jobless when the war is over. These workers are accumulating benefit credits and unless they are absorbed in civilian industries at the conclusion of the war, will constitute a heavy drain upon the fund at that time."

Argentina Bank Halts U. S. Dollar Dealings
The Central Bank of Argentina has halted dealings in United States dollars except by special authorization. The measure was taken to co-operate with the U. S. government in drying up the dollar currency which was confiscated by Axis agents in occupied countries.

Consumers Reminded Early Coal Ordering Will Avert Shortage

The nation will have sufficient coal to "meet all needs," the Office of Solid Fuels Coordinator reported this week, adding that consumers must continue to place orders early and store fuel as rapidly as the mines can supply if it they would avoid cold homes next winter.

Howard A. Gray, acting director of the office, notified Secretary of the Interior Ickes that the "greatest amount of coal in history has been placed in dealers' stock piles or consumers' storage as a result of the summertime 'buy-coal-now' campaign."

Without desiring to raise optimism to such a point as to induce delays in ordering, Gray said he wished "to fight fears expressed in New England and other sections that a shortage was in prospect and that persons who were faced with converting heating equipment from oil to coal would not be able to obtain coal."

In many cases households may be unable to get customary sizes and types of fuel, it was conceded, but coal of some type now is available at the mines to keep homes warm and war plants running in every part of the nation.

The real test of the country's fuel protection probably will come at the seasonal peak in transportation from early September until November, Gray said.

"Temporary delays in coal shipments may occur, and persons who have not stored coal while it was available to them may get caught with insufficient fuel," the acting director said.

Rural Schools Making Progress In Enrollment

The rural schools of Rowan county are making greater progress in enrolling the total number of school-age children in the county than has ever been recorded heretofore. In a very few instances in which children are not enrolled, the cases had to be given special individual consideration.

A doctor's certificate is required if a child is absent more than three days. The superintendent and the Board of Education have expressed their pleasure with the cooperation being displayed by parents with teachers and other school officials this year.

Argentina Bank Halts U. S. Dollar Dealings
The Central Bank of Argentina has halted dealings in United States dollars except by special authorization. The measure was taken to co-operate with the U. S. government in drying up the dollar currency which was confiscated by Axis agents in occupied countries.

Working For Victory

Back of the men at the front is another great army in our many busy factories. Men and women labor with a single purpose. It is to preserve our freedom. Materials must be kept flowing to our forces and to those who fight with us across the seas. Every day is precious.

Even on Labor Day the wheels will not stop. Labor and the entire nation unite in aiding the war effort in every way. Victory is sure as long as the entire civilian population presents a solid second front against the forces of aggression.
